RAPID-EPS

Launched in 2010. See inside.

Balfour Beatty Innovation Day

On the 27th November 2009 Allied took part in an event organised by Balfour Beatty Construction Ltd. where we demonstrated and launched the Rapid Edge Protection System. See pages 2 & 3 for more information ASL will be using this onsite from 2010 and will help BBCNL achieve their target of Zero Harm.

Willmott Dixon Safety Award

WILLMOTT DIXON

Well done to all employees that were involved with the Divine Mercy Primary School project in Manchester.

We were the winners of the overall Health & Safety Award for the entire project, involving all contractors.

Please keep up the good work into 2010.

Morgan Ashurst Safety Award

Morgan Ashurst have recently awarded Allied a certificate in recognition of our commitment to Safety, Health & Environmental Performance and in supporting Morgan Ashurst's LIFE mission.

Well Done to all staff that have worked on Morgan Ashurst sites in the past 12 months.

Allied Scaffolding are proud to announce the launch of the Rapid Edge Protection System.

RAPID-EPS

Allied are pleased to announce that we can provide a complete package of scaffolding, edge protection and safety netting.

Allied have teamed with Rapid-EPS, to offer the Rapid Edge Protection System which incorporates the revolutionary Rapid Post.

The Rapid-EPS offers a whole new approach to site safety. It's one of the quickest and most effective systems for giving edge protection to the construction industry.

Benefits

1. Class A Protection (fully compliant with BS EN 13374:2004)
2. 10 time faster than existing drill & fix systems (20m can be erected in less than 10 minutes).
3. No tools or drilling required.
4. Unique safety device to indicate correct assembly
5. Minimal training needed for installation.
6. Flexible. The system can be used in a variety of locations including Liftshafts, floor edges, voids, & stairs.

Another relationship that Allied have developed over recent months is with Pro-Net UK Ltd.

Working in partnership we can offer customers a Complete Protection System through Allied, who will provide first fix handrail to steel or concrete structures and with Pro-Net UK Ltd providing the safety netting.

Pro-Net UK Ltd have been established worldwide for over 25 years and are part of the Fall Arrest Safety Equipment Training group (FASET). All of the equipment provided by Pro-Net UK Ltd. is certified to EN 1263-1 standard and have passed the strictest of controls to ensure the quality of the nets provided.

All of Pro-Net UK Ltd operatives are trained to the "General Riggers" standard and hold relevant CSCS Safety Net Rigger Cards.

Please forward any enquires to our Oldham office.

Our brochure for the **Rapid-EPS** is available now!

HSE & SIMIAN RISK MANAGEMENT

Allied took part in a event sponsored by Simian Risk Management (our Safety Consultants) & the HSE, to demonstrate best practice within the scaffolding industry and the use of Collective Fall Protection System; ASP Step-up Device.

If anyone would like any more information on how we address collective fall protection please contact our Head Office on **0161 633 0425**.

TRAINING 2010

Our Contracts Managers have been carrying out appraisals recently and will continue to carry them out into 2010. From the appraisals a number of training requirements have been identified and approved to be arranged early this year.

As part of our continued investment in training and our Investors in People standard we are providing training in 2010:

- IPAF Training
- Site Supervisor Safety Training Scheme (SSSTS)
- CISRS Basic Part 1 & 2 & Advanced Scaffold Courses
- First Aid Training
- Layher SSTPS

ACCIDENT Statistics

2009 has been a very successful year in terms of accidents as we have seen a marked improvement when compared with 2008.

2008 saw us have:

- 1 No. RIDDOR Injury
- 1 No. 1-3 Day Injury
- 7 No. Minor Injuries

2009 statistics show:

- 0 No. RIDDOR Injury
- 0 No. 1-3 Day Injury
- 3 No. Minor Injuries

Well done & a big thank you to everyone!

Lets keep up the good work & have ZERO HARM in 2010!

ASL HSEQ AWARDS

- August 2009: Jack Moorhouse & team for excellent work on Co-Operative Academy.
- September 2009: John Savage & team for excellent work on the Enterprise Academy.
- October 2009: Lee Frankish & team for excellent work on the Brookway Academy.
- November 2009: Peter Taylor & team for excellent work on Divine Mercy Primary School.
- December 2009: Mark Travis & team for excellent work on The Mall.

We will be continuing with the award scheme in 2010, and your feedback is welcome. We are committed to building on the positive work that has been done.

If any member of staff, operative or client would like to make any comments, or suggestions please write about it below, cut off the slip and either give it to your supervisor or take it to one of the offices listed below (or email us at info@alliedscaffolding.co.uk)
